

ENGINEERED. FABRICATED. DELIVERED.

At Mondal Engineering Concern, we provide a wide range of fabrication services for diverse industrial applications. With skilled manpower, advanced machines and strict quality control, we deliver products that meet global standards and exceed customer expectations.

CUSTOM FABRICATION

Tailor-made solutions as per drawing & requirement.

HIGH QUALITY

Strict quality control and standard compliance.

EXPERIENCED TEAM

Skilled engineers & fabricators with years of experience.

ADVANCED MACHINERY

Equipped with modern machines for accurate fabrication.

TIMELY DELIVERY

On-time completion with commitment to quality.

AFTER SALES SUPPORT

Reliable support for long term customer satisfaction.

OUR FABRICATION CAPABILITIES

- ✓ Material: MS, SS, Aluminum & Special Alloys
- ✓ Capacity: Small Components to Heavy Structures
- ✓ Processes: Cutting, Bending, Rolling, Welding, Machining, Assembly, Surface Finishing
- ✓ Welding: SMAW, GMAW (MIG), GTAW (TIG), FCAW, SAW
- ✓ Standards: ASME, IS, AWS, ISO & Customer Specifications
- ✓ Quality Assurance: Dimension Check, NDT, Weld Inspection, Final Testing

PLASMA CUTTING

CNC BENDING

WELDING

SHOT BLASTING

OUR FABRICATION RANGE

STRUCTURAL STEEL WORK

Industrial sheds, buildings, platforms, mezzanine floors, supports & structures.

PRESSURE VESSELS

Storage tanks, air receivers, pressure vessels, silos & custom built vessels.

PIPING FABRICATION

Process piping, pipe spools, ducting & pipeline supports with precision welding.

TANKS & SILOS

Storage tanks, silos, hoppers, mixing tanks & agitator vessels.

DUCTS & CHIMNEYS

Air ducts, flue gas ducts, chimneys & ventilation systems.

HEAT EXCHANGER FABRICATION

Shell & tube heat exchangers, condensers & custom heat transfer equipment.

HOPPERS & BUNKERS

Material handling hoppers, bunkers, chutes & discharge systems.

CONVEYOR STRUCTURES

Conveyor frames, galleries, trippers, transfer points & supports.

PLATFORMS & STAIRCASES

Access platforms, staircases, handrails, ladders & safety structures.

MACHINE BASE FRAMES

Machine foundations, skid frames, equipment bases & supports.

INDUSTRIAL SKIDS

Fabricated skids for pumps, compressors, instruments & process systems.

CUSTOM FABRICATION

Custom components & assemblies as per drawing & specifications.

PIPE SUPPORTS & CLAMPS

Spring supports, pipe clamps, saddles, guides & support systems.

EXPANSION JOINTS & BELLOWES

Metal bellows, expansion joints, tie rods & pressure balanced units.

STACKS & TOWERS

Stacks, scrubber towers, packed towers & distillation columns.

EQUIPMENT ENCLOSURES

Equipment enclosures, panels, covers, guards & acoustic enclosures.

RAILING & HANDRAILS

Safety railings, handrails, guardrails & industrial barriers.

SPECIAL FABRICATION

Heavy, complex & one-off fabrication for critical applications.

MATERIALS WE WORK WITH

- Mild Steel (MS)
- Stainless Steel (SS 304 / 316)
- Aluminum
- Carbon Steel
- Alloy Steel
- Wear & Corrosion Resistant Steel
- Other Special Alloys

INDUSTRIES WE SERVE

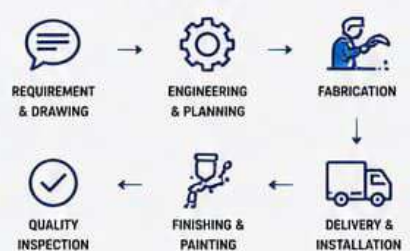

- Steel & Foundry
- Power & Energy
- Oil & Gas
- Chemical & Petrochemical
- Cement
- Water & Wastewater
- Paper & Pulp
- Food & Beverages
- Pharmaceutical
- Infrastructure & Others

QUALITY ASSURANCE

- ✓ ISO 9001:2015 Certified Processes
- ✓ Certified Welders & Inspectors
- ✓ Dimensional Inspection
- ✓ NDT (RT, UT, MT, PT)
- ✓ Weld Quality Assurance
- ✓ Material Traceability
- ✓ Final Inspection & Documentation
